

Every successful building needs a strong foundation.

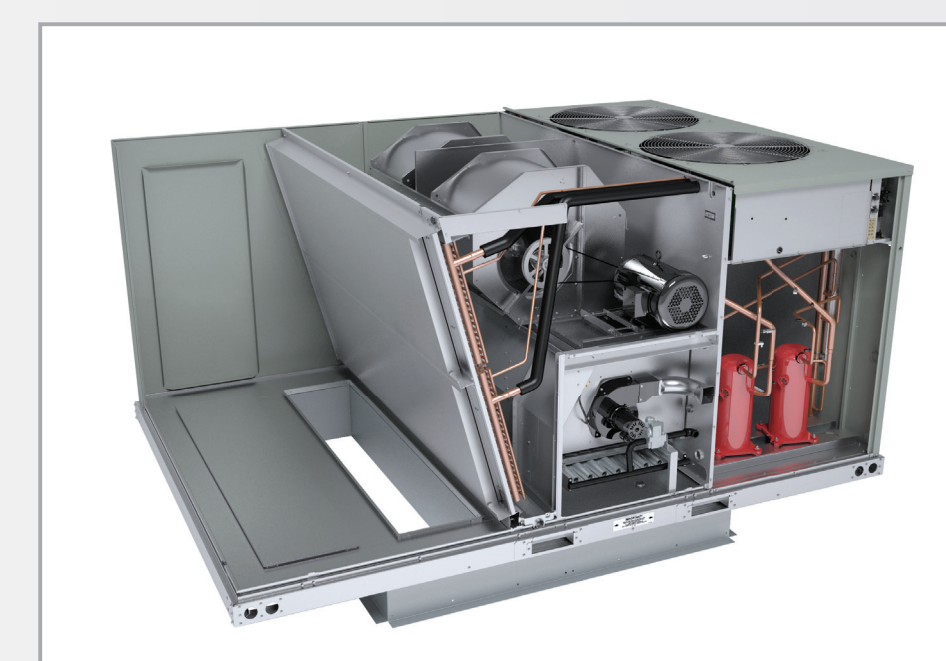

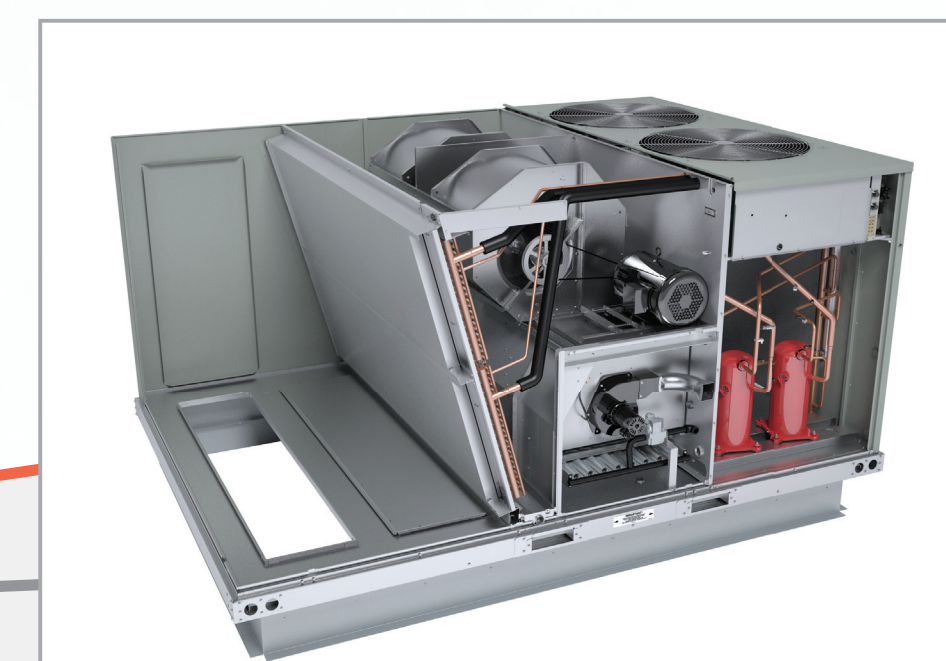

Trane® Foundation™ light-commercial rooftop units

It's the HVAC solution that delivers what you really want: simplicity in design, reliable performance, solid value, easy installation — and quick shipping, too.

Simple design and proven performance from durable, reliable, field-tested components.

Designed with input from rooftop owners and users to ensure we deliver the features you need and want.

Fast shipping: Many units ship the same day they're ordered, thanks to actively managed manufacturing and inventory.

Unique dual-footprint design allows compatibility with multiple roof curbs — without expensive adapters or other modifications.
